Node.js Developer

Employment Type

Full-time

Description

We are looking for a skilled **Node.js Developer** to join our team. As a **Node.js Developer**, you will be responsible for developing and maintaining server-side network components, ensuring high performance and responsiveness to requests from the front end, and integrating user-facing elements developed by front-end developers with server-side logic.

Job Location

Ahmedabad

Experience

- 1 year to 3 years of experience
- Looking for excellent communication
- Looking for an Immediate Joiner

Responsibilities

- Develop and maintain all server-side network components.
- Ensure optimal performance of the central database and responsiveness to front-end requests.
- Collaborate with front-end developers on the integration of elements.
- Design customer-facing UI and back-end services for various business processes.
- Develop high-performance applications by writing testable, reusable, and efficient code.
- Implement effective security protocols, data protection measures, and storage solutions.
- Run diagnostic tests, repair defects, and provide technical support.
- Document Node.js processes, including database schemas, and prepare reports.
- Recommend and implement improvements to processes and technologies.
- Stay informed of advancements in the field of Node.js development.

Qualifications

- At least one year of experience as a Node.js Developer.
- Extensive knowledge of JavaScript, web stacks, libraries, and frameworks.
- Knowledge of front-end technologies such as HTML5 and CSS3.
- Superb interpersonal, communication, and collaboration skills.
- Exceptional analytical and problem-solving aptitude.
- Great organizational and time management skills.

Job Benefits

- 5 days working
- Referral Bonus Policy
- Reward & Benefit
- Employee Training Sessions
- Incentive Bonus Policy
- Annual Trip
